

POTEAU D'INCENDIE

PRODUCT: SS100/65 Breakable
Landing Fire Hydrant

Spécification: **Item:**
SSF100/65-1.6
Work Pressure:
1.6MPa
Strength Test Pressure:
2.4MPa
Open Height:
50mm
Application Medium:
water ,foam liquid.

Inspection and Testing Report

Contract No : NIE6226/09

Description: LANDING FIRE HYDRANT SS100/65-1.6

No.	Item	Inspection content	Result	Date	Inspector	Remark
	Performance Test	No visible leakage or structural damage	OK			
	Shell Test					
	Medium	Water	OK			
	Test pressure (MPa)	1. 6				
	Duration	180s	OK			
	Seal Test					
	Medium	Water	OK			
	Test pressure(MPa)	2. 4	OK			
	Duration	60s	OK			
	Leakage	0	OK			
	Operation Test	No block from fully open to close 3 times	OK			
	Packing	Each piece into one polybag, then put in one nylon bag, and after put in one cotton bag.	OK
